

Alessia Jamieson

FASHION & TEXTILE DESIGNER

SKILLS

- Collection inspiration with concept and moodboards based on client's inputs and target
- Figure and croquis drawing, technical flats, techpacks made for production, garments paper patterns.
- Textile prints and surface pattern both digital and traditional with different medias.
- Fashion illustrations, comics illustration and children's books drawing and creation.

WORK EXPERIENCES

RIINA LAANETU 2022- ONGOING

Freelance fashion designer and liaison with Italian suppliers. Creation of techpacks and croquis drawings of garments and textile/pattern design. Overlook of production and suppliers. Creation of accessories such as shoes/gloves.

FREELANCE FASHION DESIGNER & LIAISON

Creation of on-measure/tailored clothing for private clients and creation of collections of both pattern/textile and clothing keeping always in mind the target they are made for.

JAM 2016 - now

Collections made for my brand. I overlook every step of the process in detail, from concept to production, especially focusing on supplier research, textiles, patterns and counter samples. I manage tailors and pattern makers and develop techpacks and technical sheets for them to use.

2014-2016

Freelance surface and textile pattern designer on knitwear and fabrics for various brands such as Pucci and E.M.

2015

Junior designer PDB.

2014-2015

Vibram internship for shoes, textiles and leathers goods.

I am a freelance RTW womenswear fashion designer and surface pattern designer based in Bergamo/Milano and work on creating captivating, modern and wearable collections with my client's target, production costs and market always in mind and my own special flair to make them stand out from the rest.
